Click on the Fall

4. If you are not logged in you will be prompted with a logon prompt. If you don't remember your user name or password, it is simple to figure out. For example, I registered with the e-mail address eodell@odells.org, therefore my user name for login purposes is eodell@elmhurstyprincesses.org. The first part of your e-mail was used as a standard when assigning the user accounts. The password is **Password1**, unless you have changed it. It is important to make sure you have the proper capitalization.
5. Make sure that your information is correct. Update any information as necessary. Make sure you click Friday Night if you are coming up on Friday. And Check which daughters will be attending the campout. If one of your daughters is to be inducted at this campout please click the To Be Inducated?
